

Hazel Village: Cherry Garden

One day, Ada bought a pack of jellybeans from a candy store in Berry Street. She offered to share it with Sky, but Sky had already eaten. After Ada ate all the Jellybeans, she skipped rocks in the stream and picked berries in the woods with Sky. Before they had ventured into Cherry Garden, Vera Hedgehog came running up to them asking if they wanted to fly a kite with her. Halfway into the flight, the kite got stuck in a treehouse. But luckily, Owen and Flora Foxes got the kite back, as it was their treehouse and it was easy to reach. Vera then asked if Ada would be willing to skip rocks with her, but Sky said they had already skipped rocks. In Cherry Garden, there was a wool store, a sheep shearer, a clothing store, a bakery, a stream, and berry bushes galore! Cherry Garden is famous for its beautiful cherry blossoms. Ada wanted to pick one, but Vera thought she should not pick anything from the garden.
